N°	Question	Answer
1	In LOT 1 CHART (OEM SPARE PARTS FOR VEHICLES) 4th column is entitled as “Note, remarks, ref to documentation” – we are interested if this column is essential to be filled by us, and if it is so, what remarks or ref to documentation do you mean exactly?	The column named as “Note, remarks, ref to documentation” – <b>is not required to be filled by tenderers.</b> The 4 <sup>th</sup> column in the Annex II&III is filled <u>voluntarily</u> , in case the tenderer wants to extend on the description of the particular item.
2	In Article 4 of “Terms of References”, which entails information about geographical area, it is mentioned that maintenance and repair tasks must be carried out in Tbilisi and Zugdidi. – You require same operational capacities from both locations, or it is up to contractor how to coordinate different tasks between branches? And accordingly Annex 20 must be filled separately for branches or we must fill one Annex for whole capacities of our organization?	For the location – Zugdidi, Georgia we do not require vehicle maintenance services.  The Annex 20 shall present the whole capacities of the tenderers by locations Tbilisi and Zugdidi (in case of having the branch in Zugdidi). However filling the Annex 20 for the location: Zugdidi, Georgia is <b>not</b> mandatory, whereas filling the Annex 20 for the location: Tbilisi, Georgia is required and <b>is mandatory.</b>
