N°	Question	Answer
1	<p>We would like you to please clarify whether partial bidding is allowed in the procurement because we wish to participate for Lot 1 Binoculars and if yes then please provide us the technical specifications and other documents required for the item.</p>	<p>According to point 7 of the Instructions to tenderers:</p> <p><i><u>"The tenderer may submit a tender for one lot, several or all of the lots.</u></i></p> <p><i>Each lot will form a separate contract and the quantities indicated for different lots will be indivisible. The tenderer must offer the whole of the quantity or quantities indicated for each lot. Under no circumstances must tenders be considered for part of the quantities required. If the tenderer is awarded more than one lot, a single contract may be concluded covering all those lots.</i></p> <p><i>A tenderer may include in its tender the overall discount it would grant in the event of some or all of the lots for which it has submitted a tender being awarded. The discount should be clearly indicated for each lot in such a way that it can be announced during the public tender opening session."</i></p> <p>Therefore, yes tenderers can submit a tender for lot 1, in accordance with the requirements of the tender dossier.</p>
